## Asks \$1.45 Billion To Arm West Europe

### Acheson Tells Senators Of Pact Program

Washington, April 21—(AP)—Secretary of State Acheson laid before the Senate foreign relations committee today a program to spend about \$1,130,000,000 in the next year to help rearm North Atlantic pact nations.

In addition, arms would be furnished to other nations to bring the total estimated foreign arms outlay to \$1,450,000,000 for the year beginning July 1.

Chairman Connally (D-Tex.), who announced the program after a five hour closed committee meeting, said the overall program includes aid for Greece and Turkey.

**Ceiling Is \$1.13 Billion**  
Connally told reporters that the \$1,130,000,000 is a ceiling on the military aid to Atlantic pact nations, but it may not be necessary for Congress actually to authorize or appropriate all of that amount.

He said in answer to questions that the figure included surplus equipment that may be transferred to the nations, and because of this, the appropriation may not be nearly as high as the ceiling.

Connally said that there is no available information at present as to what per cent of the \$1,130,000,000 will be in the form of surplus equipment.

"The committee received information," Connally said in a prepared statement, "indicating that the cost of the overall military assistance program for fiscal 1950 will be approximately \$1,450,000,000."

**Total Amount For All**  
"I want to emphasize that this is the total amount contemplated for all military assistance programs including Greece and Turkey."

"Military aid to the (North Atlantic) states under the pact will be \$1,130,000,000."

Connally announced that public hearings on the North Atlantic security treaty, signed here by 12 nations April 4, will open at 9:30 a.m. (CST) next Thursday.

Sitting in the conference with Acheson and the foreign relations committee was secretary of defense Louis Johnson.

Connally said that Acheson had pointed out the arms program would be necessary whether there is an Atlantic alliance or not.

He noted that the treaty, which must be ratified by a two-thirds vote of the Senate to become effective, calls for each pact member to enter into a program of mutual aid and assistance.

**U.S. To Give Military Aid**  
"In the opinion of the secretary," Connally said, "one of the most effective contributions the United States will be able to make will probably be along the lines of the military assistance program."

Connally emphasized that the hearings will not cover the arms program. This has not yet been sent to Congress by President Truman. The pact hearing may run a month or more, it is indicated.

The arms program for the pact nations, Connally noted, will include transfer of equipment and surplus materials as well as raw materials from United States stocks.

The statement did not say how much of the \$1,130,000,000 would be in equipment and materials already in stockpiles. Nor did it indicate how much President Truman may ask Congress to provide by appropriation.

**Bank Robber Shot**

**Resisting Arrest**

**In Indianapolis**

Indianapolis, April 21—(AP)—Clyde Milton Johnson, 30, wanted for a bank robbery at Memphis, Tenn., and a jailbreak at Miami, Fla., was wounded and captured by the FBI in the heart of downtown Indianapolis tonight.

Harvey G. Foster, agent in charge of the Indianapolis office of the FBI, said Johnson had been the object of an intensive search since his escape from the Dade county jail at Miami March 1.

Foster said Johnson was located at a downtown hotel. As FBI agents closed in on him on the street near Foster said, Johnson drew a gun and started firing.

The FBI men returned the fire and brought him down as he sought to flee through crowded Monument Circle, Foster said. He added that three cartridges in Johnson's gun had been fired. No one else was injured by the shots.

He was taken to General hospital in critical condition.

Johnson's wife, also known as Billie Glaze, 25, was taken into custody at the hotel a few minutes later. Foster said she was charged with aiding in the Miami escape and with being an accessory after the fact to the bank robbery.

### ASNE Urged To Guard Against News Banning

Washington, April 21—(AP)—American newspaper editors were urged today to be on guard against attempts to hamper a free flow of news at home and abroad.

President Edwin D. Canham cautioned the American Society of Newspaper Editors at the opening of its three-day annual meeting that the United States faces a hard fight in its attempt to get the United Nations to agree to a free international flow of information.

Basil L. Walters, executive editor of the Knight newspapers, told the society there is a growing tendency in the United States as well as abroad, to hinder the freedom of information. He said some officials "forget" they are the stewards of the people.

A special committee on the foreign information program, headed by J. Russell Wiggins of the Washington Post, urged that the state department be given more money

to step up the "propaganda of truth" being sent abroad. The committee called the struggle for the control of men's minds "the crucial battle of our time."

Canham, who is editor of the Christian Science Monitor, told the 300 or more assembled editors that the fight to get a satisfactory freedom of information agreement has become "an uphill and dangerous business."

He said that efforts are being made, through amendments to alter the proposed convention so that they would become a means of imposing new controls and limitations on the press.

From the background of his experience as a member of the United States delegation working on the UN project, he declared:

"The danger is that at this stage in world history, international law may be written on the subject of freedom of information which will leave us further back than we started."

Of course, he added, the United States would be under no compulsion to ratify any convention with which it did not agree.

Canham suggested that the ASNE direct its efforts toward working with "fellow newspapermen abroad rather than with governments."

**Communists Shell 4 British Ships; 42 Seamen Killed**

Shanghai, April 21—(AP)—Chinese communists today hotly shelled the British heavy cruiser London and sloop Black Swan, raising British losses to 42 seamen killed and four ships damaged in two days of fighting along the Yangtze river.

Wounded were estimated up to 100. An accurate count was impossible because many wounded remained aboard the sloop Amethyst. It was said isolated under communist artillery and machine gun fire in the river 60 miles east of Nanking.

The London and Black Swan returned to Shanghai tonight, as had the destroyer Consort earlier. All were driven off when they attempted to go to aid of the Amethyst, first ship attacked yesterday.

All four returned the Red fire and reported inflicting damage on the attacking Red batteries.

The British consulate announced the London, a 10,000-ton cruiser with eight 8-inch guns, had withdrawn, "as all signs of peaceful intent have been disregarded and heavy fire opened from batteries near Bates Point and on the southern end of Beaver Island (both in the near vicinity of the Amethyst.)"

**Says Many Illinois  
Hard Roads Need  
To Be Improved**

Springfield, Ill., April 21—(AP)—A fifth of Illinois' 13,000 mile hard road system needs immediate improvement, a state highway official said today.

He said sections of Route 66 and four other main trunk lines "are worn out to the point where rebuilding should no longer be postponed."

But, he added, most of the needed work on these truck routes cannot be scheduled unless more revenue is provided.

The principal new revenue source under discussion is a proposed two cents a gallon increase in the state gasoline tax. A bill to boost the tax from three to five cents will be offered in the legislature next week by majority members of a legislative road commission.

The statement on road conditions came from Charles P. Casey, director of the state public works and buildings department which supervises highways.

**Royall Resigns Post  
As Secretary Of Army**

Washington, April 21—(AP)—Army Secretary Kenneth C. Royall resigned today after telling President Truman he is convinced that "war is not imminent."

Mr. Truman announced acceptance of his resignation at a news conference and disclosed also the nomination of David K. E. Bruce as ambassador to France.

### New Catholic Catechism Backs Archbishop of Boston

Washington, April 21—(AP)—The Roman Catholic church of the United States today issued a new catechism which backs up Archbishop Richard J. Cushing's stand in the Boston "heresy" dispute.

It says that persons "outside the church" can attain salvation under certain conditions.

The new religious textbook, however, does not deal with the Boston dispute as such. In preparation for said, it is designed, church officials said, to give a "rather complete presentation of the doctrine of the church" on a broad field of subjects such as war, government, labor-management relations as well as purely religious matters.

Publication of the 426-page book climaxes 12 years of research by a group of prelates and Catholic scholars known as the Confraternity of Christian Doctrine. The catechism is for secondary schools and colleges. It marks a major revision of a standard religious textbook which has been used since the 1880's.

Using the familiar question and answer method, the new catechism sets forth the Catholic church's teachings in greater detail than previously provided.

Officials of the National Catholic Welfare Conference, which represents the church's hierarchy, pointed out that the catechism has a bearing on the Boston College case in which four lay instructors were discharged after they objected that the college was guilty of "heresy" in teaching that non-Catholics could be saved.

This is the way the old catechism sets forth the salvation doctrine: "He who knows the church to be the true church and remains out of it cannot be saved. This applies to men of bad faith who sin against the truth; it does not apply to men of good faith that belong to the soul of the church."

The old textbook defines the "soul of the church" as "all that possess God's grace even if they are not actual members."

**Gary Police Wash  
Hands In Marital  
Affairs Of Wiley**

Gary, Ind., April 21—(AP)—The police department washed its hands today of the marital affairs of Robert W. Wiley, stepfather of Gary's little lost boy.

Wiley, 38-year-old Blue Island, Ill., welder, is under sentence to six months on the state penal farm for his alleged cruelty in the abandonment here of his stepson, 3-year-old Richard Lair, Jr.

Police Chief Millard T. Matovina said police having obtained conviction of Wiley in the abandonment case, are advising women who claim to be his former mates to take legal action in their home cities.

This was the advice given, he said to Deana Wakefield, who came here from Alamo, Ill., and confronted Wiley at the Gary city jail, where he is being held pending removal to the penal farm.

Detective Sgt. T. V. Curley, who accompanied the Alamo woman to the jail, said she identified Wiley as the man to whom she was married May 6, 1947, at Rossville, Ga. She said her husband left her Feb. 25, 1949, in Schenectady, N. Y. After a brief, tearful meeting with Wiley today she departed.

Mrs. June Beverly Lair Wiley, mother of the boy abandoned here, has told of marrying Wiley Feb. 26, 1949.

**5 Crap Shooters  
Roll Bakers For  
A Lot Of Dough**

Peoria, Ill., April 21—(AP)—Five crap shooters rolled a Bakers' convention here for a lot of dough last night.

Delegates to the Illinois Bakers' association meeting said they lost about \$2,000 to the strangers, five of whom were arrested and fined \$100 each. Police Magistrate Charles Schofield ordered them to leave town.

A "friendly" game in a men's wash room of the convention hotel broke up when one of the bakers got suspicious. The non-delegates grabbed the money and ran.

None of their cash was retrieved, but the bakers had the thrill of taking part in a hectic police chase.

One was closing in for a capture when his quarry turned and slugged him in the mouth. To his losses the delegate added his false teeth.

**Young Met Tenor  
Slain In Atlanta;  
Police Mystified**

Atlanta, April 21—(AP)—A rising young Metropolitan Opera tenor, John Garriss, was slain today against a backdrop of dark and dank stone walls.

He died with a bullet wound through his left side in a setting as deeply mysterious and involved as any play ever written by Shakespeare.

For police there were no clues worth mentioning, nothing to indicate why the native of Frankfort-on-Main, Germany, was killed or by whom. There was no indication of robbery.

Garriss, whose real name was Hans J. K. Garriss, died shortly after the closing performance in the opera's three day stand here.

The blond and handsome, though bald, fugitive from Germany, died, police said, around midnight, perhaps about 2 a.m. even as the rest of the company prepared to entrain for Memphis, Tenn.

Detective J. M. Pack said two persons heard shots sometime after midnight in the vicinity of the alley in which Garriss' body was found.

While police ran down lead after lead here, two other detectives flew to Memphis to interview members of the opera company.

These detectives later reported the interviews with members unproductive and the entire cast was released to give a single performance tonight.

## Commie Troops Cross Yangtze Near Capital

### Testifies Might Be 25 Reds In U. Of Chicago

By Charles Whalen  
Springfield, Ill., April 21—(AP)—Chancellor Robert M. Hutchins testified today there "might be 25 communists" among the University of Chicago student body and some of the professors belong to Communist front organizations but "none of them is engaged in subversive activities."

Hutchins declared he doesn't know of anyone on the campus "advocating the overthrow of government by violence."

The educator was the first witness as the Illinois seditious activities commission began an inquiry into whether there are any subversive activities at the University of Chicago, an atomic energy research center, and Roosevelt College in Chicago.

The hearing was recessed until 10 a.m. Friday after a three hour session.

"I don't see how anyone can tell how many students on the campus are communists," Hutchins said. "I guess there might be as many as 25. Eleven of them belong to the Communist club at the university. Its members claim they are interested in studying communism, but the study of communism is not a subversive activity."

Hutchins said that because some professors belong to organizations dominated by communists it "does not show that those professors are engaged in subversive activities."

**Youth Confesses  
Brutal Sex Murder  
Of Young Playmate**

Detroit, April 21—(AP)—Dull, 19-year-old Theodore Hillis formally confessed the brutal sex slaying of a young playmate today.

His frenzied face almost devoid of expression, the five-foot-five youth told Wayne county Prosecutor Gerald K. O'Brien how he killed six-year-old George "Peanuts" Counter in the furnace room of the small hotel where he lives.

George's nude and charred body was found behind a turnace early today. Nine hours later, Hillis was arrested by state police near the village of Pinckney, some 50 miles northwest of here.

Emotionally, the prosecutor reported, Hillis told how he enticed little "Peanuts" to the basement room with the promise of a dollar. He molested the boy there, Hillis added.

"Then Peanuts began to scream, and wanted to go home," he went on.

He put his hand over the child's mouth and smothered him until George went limp, Hillis' confession to O'Brien continued. Then, when the boy continued to move, his companion said he took a coal shovel and struck him about the face and neck.

Hillis, who weighs about 140 pounds, denied that he tried to stuff the little body into the furnace, as police had charged.

**Paul Robeson Sings  
Russian Anthem  
In Stockholm Hall**

Stockholm, April 21—(AP)—Paul Robeson sang a Russian anthem tonight in Stockholm's concert hall and the tumult it provoked drowned out the voice of the American negro artist for a time.

Robeson also delivered a short speech in which he said he wanted universal peace but above all peace with the Soviet Union.

Yesterday Robeson told the communist-sponsored World Peace Congress in Paris that American negroes would never fight the Soviet Union. His statement was disputed by a negro leader in New York.

Walter White, head of the National Association for the Advancement of Colored People, said that in event of war with any nation the American negroes "will regard ourselves as Americans and meet the responsibilities imposed on Americans."

Robeson sang the first verse of the Soviet Anthem in Russian and the second in English. A violent row broke out as the audience got the idea he was singing a Russian anthem.

Loud whistles (the European equivalent of the boo) were heard and many left the hall. Others answered with loud cheers and applause. The noise made it impossible to hear Robeson at one point but he did not stop singing.

**DECATUR LINEMAN  
ELECTROCUTED**

Monmouth, Ill., April 21—(AP)—A Decatur, Ill., lineman was electrocuted today on a job at nearby Smithshire in Warren county.

The victim was Tice Sharp, 58. He was employed by the L. E. Myers Construction Co., Decatur, on a job for the Illinois Power Company.

Other workers said Sharp was on a pole making a "hot connection" when he accidentally touched a 6,900 volt wire. He fell to the ground in flames.

**APPROVE CONTRACTS**  
Springfield, Ill., April 21—(AP)—The state highway division today approved three contracts for further construction on the Edens super-highway through Cook county. The contracts total \$638,053 and will be financed from motor fuel tax refunds to the county.

### Americans Warned To Flee Nanking

Nanking, Friday, April 22—(AP)—Chinese Communist troops slashed across the Yangtze today at a point near Nanking and Americans were warned to flee the tottering capital while there is time.

A Red crossing about 25 miles east of Nanking, coupled with a previous beachhead planted 80 miles to the southwest, threatened the city with imminent encirclement.

The U.S. embassy, telling Americans to consider quitting Nanking "now," raised the possibility the city soon may become a battleground. Chinese officials already were leaving the city by every plane.

**Threatens Shanghai Railway**  
The latest crossing on the east threatened to sever quickly the main railway and highway to Shanghai, about 240 miles by the Yangtze route to the southwest. This is the normal route Americans and other nations would use in quitting Nanking.

The embattled river front already cuts off use of the Yangtze for such evacuations.

The American embassy directed its warning to citizens not prepared to remain through an "emergency." The embassy said there was no assurance the capital would be spared civil disturbance or military assault.

Citizens not prepared for such an emergency should leave while "normal commercial transportation is available."

**River Is Blocked**  
The embassy noted that the river is blocked; that an American naval vessel cannot be stationed at Nanking; and that all Marine guards at the embassy have been removed to Shanghai except for six inside.

The latest communist crossing of the Yangtze was reported by ministry of national defense sources at about 25 miles east of Nanking. There were no other details.

The skies over Nanking roared most of the night with the passage of transport planes, taking government officials to refugees in the south.

**Fire On British Ships**  
Four British warships had been drawn involuntarily into the great battle of the Yangtze. The cruiser London, destroyer Consort, and sloop Amethyst and Black Swan all were damaged and had 42 dead from persistent fire by heavy Red artillery.

They fired back defensively, and all but the crippled Amethyst retreated downriver to Shanghai. The Amethyst was cut off about 60 miles east of Nanking.

The Chinese government officially announced that the legislative Yuan and other government branches were moving tonight to Canton and Kweilin and the Island of Formosa, while the defense ministry and the presidential office were going to Shanghai.

It was not disclosed whether acting President Li Tsung-Jen also would flee, but it was believed he might stay on in Nanking a while longer.

**100 Youths Stage  
Demonstration In  
Michigan Capitol**

Lansing, Mich., April 21—(AP)—More than 100 members of the Young Progressives staged a brief "sitdown" in Gov. G. Mennen Williams' office today.

Contending they had been denied an interview with the governor, the young people flooded into the executive offices and announced they were going to stay until Williams saw them.

Upon Williams' return, the group demanded he take positive action to force the legislature to enact fair employment practice legislation and other liberal matters. They urged him to appeal to the people for a mass March on Lansing to convince the legislature it should enact his program.

Many of the group were sitting and lying on the executive office floor. Eventually they trickled out and wound up singing songs on the capital steps.

Later, the demonstrators, largely from Detroit, organized a picket line on the capital front porch.

**WEATHER**

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the temperatures for Thursday as follows: High, 73; low, 44; and at 6 p.m., 65.

**Forecast for Illinois**—Cloudy today with scattered showers and slightly cooler. High 60 to 64.

## Malmedy Controversy Will Make A New German Hero

By Hal Boyle  
New York.—(P)—The U. S. Senate controversy around the Malmedy massacre trials will produce one unwelcome outcome—it will create a new post-war German military hero. He is Col. Joachim Peiper, a handsome young former adjutant to SS Chief Heinrich Himmler.

This tough-minded storm trooper, now under sentence of death, is a symbol to many hero-loving Germans of the war they lost. And from the allied point of view, he is a dangerous man for this reason: he isn't the type the German people should ever come to regard as a martyr.

A senate subcommittee is now investigating the army's prosecution of Col. Peiper and 72 other German soldiers. They were accused of murdering 750 American prisoners and 150 Belgian civilians in the wintry battle of the Bulge in 1944. Of the 73 defendants 43 were given death sentences. But since then there have been two official investigations of the trial. One was military, one was by a civilian commission. And in a final review of the matter Gen. Lucius D. Clay reduced the death sentences to six. Of the other 67 originally convicted, 20 are under life sentence, 24 serving shorter prison terms and 13 have

been freed.  
**Will Make Peiper A Hero**  
And now a Senate subcommittee is hearing testimony that confessions were obtained by physical cruelty and psychological fear induced by "mock trials."

What other effect can all this have on many Germans except to make heroes to them of Col. Peiper and his co-defendants?  
At his trial he spoke out boldly and contemptuously to his captors. He made himself a propaganda figure not only for Nazis, which he lived by, but also for German courage. And even the Germans who never liked Nazism are nationalistic on the question of German courage. Some of them have come to regard him as a victim of post-war persecution by the victors. And his is bad.

Even among some professional American officers there is a reluctant admiration for the soldierly ability of Col. Peiper.

**Cannot Care For Prisoners**  
Whether his act was a "massacre" or a military necessity is of some doubt, too, to professional soldiers. For armored columns in a breakthrough attack—be they German, American, British or Russian—have no means to care for prisoners. If the decision then must be made whether to kill the prisoners or let them go, knowing the men then would be free to war the enemy again.

The trial of the 73 Nazis, many of whom were only storm trooper thugs in uniform. Represents an attempt, in part at least, to enforce ethical standards on the actions of men in desperate battle.

Whether German mind can understand the American desire to deal out justice fairly and squarely in this messed-up situation is another matter. Certainly it is a sad result to have a man like Col. Peiper, as Nazi as Hitler and completely devoted to his anti-Christian principles, loom any larger to his countrymen.

He is the kind of man they need to forget.

Primitive peoples tattooed themselves, primarily for embellishment, although the figures also had a symbolic significance.

## Miss Mary Boylan Dies Thursday At Nursing Home

Miss Mary Boylan, lifelong Jacksonville resident, died Wednesday at 9 a. m. at the Greene Nursing Home, where she had resided for some time.

Miss Boylan was born in this city, January 24, 1880, the daughter of John and Mary Boylan.

She was employed for many years at the Illinois College Academy Hall, and at the old Pacific Hotel.

Surviving are two nieces, Miss Mae Boylan of this city and Mrs. W. D. Kennedy of Springfield. Miss Boylan was the last of her immediate family, having been preceded in death of three brothers, William, Michael and John, and one sister, Ella.

She was a member of the Church of Our Saviour and the Altar Society. Members of the Altar Society will meet at the funeral home Friday evening at 7:30 to recite the rosary.

The body is at the Reavy Funeral Home, where it may be viewed by friends Friday evening between 7 and 9 o'clock. Funeral services will be conducted Saturday morning at 8:30 o'clock when a Requiem Mass will be said at the Church of Our Saviour. Burial will be in Calvary cemetery.

## 'Very Few In Europe'

There aren't any parking meters in Holland and very few in England, so they're another item of interest to Mr. and Mrs. Henry deWilde. Enroute to the island of Curacao, Dutch West Indies, the young couple spent Wednesday with Jacksonville friends, Miss Wilma Smith, their hostess, points out the method of operating this particular type of parking meter.

Late in 1947 a slender girl in Dutch fiance was denied entry. There were 18,000 applicants ahead of him. He studied the map and read the history of places that looked interesting. By a process of elimination, he finally picked Jacksonville, Ill., as "the best possible place."

She wrote a letter to Mayor Ernest L. Hogland, telling him that she'd work at almost any job "for a year, if necessary," if some Jacksonville family would sponsor her entry into the states.

The letter was printed in the Jacksonville Journal-Courier. "Straight away," as she termed it, three Morgan county families offered to help her. She accepted the invitation contained in the first letter, written by Rev. J. P. Kerr, 1135 West State street. Later she was to receive similar offers from Cree Smith, 339 West Beecher avenue, and B. W. Negus of Alexander.

Joyce Bowring came to Jacksonville, but didn't stay long. Love, immigration laws and such things "I still think it's the most wonderful as quotas changed her plans, for her place."

## Pfc. Reynolds Now In Germany

Mrs. Idabel Reynolds, 133 Prospect street, has received word from her son, Pfc. Phillip L. Reynolds, telling of his arrival in Germany.

Pfc. Reynolds traveled on the U. S. Army transport General Maurice Rose, which carried 1712 passengers. He was first sent to Bremerhaven, Germany, and later to Marburg, Germany. He expects to be overseas about two years.

He visited here in March.

## Belgium Has Flying Diplomat

Bangkok.—(P)—Louis de San has a vast territory to cover as Belgium's charge d'affaires for Siam, Indochina and Malaya, but he manages easily—he shuttles about by pilot—flying a glider plane over southeast Asia. Flying is nothing new to the 38-year-old diplomat. He has 1,800 hours to his credit, many as a British Royal Air Force transport pilot during the war. Before the war, Louis de San was a glider pilot. In fact, de San was glider champion of Belgium and later, when a secretary in Chungking, he set an Asian glider record for height.

Now, when he makes his longer hops—he flew to Bangkok in easy stages from his previous post in Teheran, Iran, two months or so ago—de San's attractive blonde wife Kiki, the former Elsie of Chaffol de Courcelles, helps him pilot his plane.

## ENGLISH TEACHERS GUESSED WRONG

London.—(P)—The old school report cards of many distinguished Englishmen reveal some shocking things.

The school masters of a generation ago regarded Field Marshal Lord Montgomery "rather backward for his age," and he was said to be weak in what an artilleryman needs—mathematics. G. K. Chesterton, who became mighty in the world of letters, couldn't write very well, said the school master shortly before the turn of the century.

Old report cards are posted for the public to read at an exhibition called "The English at School."

Both Montgomery and Chesterton attended St. Paul's school and the report cards displayed cover their senior years, when they were 18 years old.

Long ago "medicine women" used eyestones—various small, smooth objects—to remove cinders, dust particles etc., from the eye.

## Former Chapin Couple Married In California

## Leona Hamilton Becomes Bride Of Albert Daub

The Chapel of the Roses in Pasadena, Calif., was the scene of the marriage of Miss Leona Hamilton of Bell, Calif., and Albert Daub of Pasadena, Calif., both formerly of Chapin.

The bride is the daughter of Mr. and Mrs. Clarence Hamilton of Bluffs, and Mr. and Mrs. William Daub of Chapin are the bridegroom's parents.

The couple are now at home at 4717 East 58th street, Maywood, Calif.

ENGLISH GET HEALTH-PLAN SPARE PARTS

Birmingham, England.—(P)—Five thousand persons have applied for artificial eyes under Britain's socialized medicine plan.

There have been 126,000 applications for surgical appliances. Nearly 10,000 artificial legs have been ordered, and 3,000 supplied.

C. J. Simmons, parliamentary secretary of the Ministry of Pensions, disclosed the figures in a speech here. The Ministry of Pensions handles such applications for the Ministry of Health, which administers the health plan.

Simmons said one application for an artificial leg was in behalf of an 18-months-old boy. The child lost his leg in an automobile accident. His name was not disclosed.

Nobody knows who invented the wheel, yet without it industrial civilization would be impossible.

MRS. ALBERT DAUB

The wedding took place at 8 p. m. on Wednesday, April 13, with Dr. Arthur Lee O'Dell, pastor of the Pasadena Presbyterian church, receiving the vows. Wedding selections were played by Ethel Woolley, organist.

The attendants were Mr. and Mrs. Neil Blank, Donald Martinson and Charles Kilbourne acted as ushers.

The bride was attired in a gown of white satin, featuring alternate rows of satin and lace ruffles down the sides. She wore a veil of fingertip length and carried a white Bible topped with white orchids.

A gown of pale blue satin with net overskirt was worn by the matron of honor. Her bouquet was of mixed sweetpeas.

Following the ceremony a reception was held in the lounge of the chapel, after which the couple left on a wedding trip to Santa Barbara.

The supper honored Mrs. Gee, who has since returned to her home in Arroya Grande, Calif.

Mr. and Mrs. Wayne Hudson and family and Mrs. H. O. Hudson visited Sunday with Miss Ruth Simmons, who is a patient at the Memorial hospital, Springfield.

Mr. and Mrs. Bill Ruck and son of Ohio, Mr. and Mrs. Keith Witty of Macomb and Mr. and Mrs. Weldon Brown of Macomb were Sunday dinner guests of their parents, Mr. and Mrs. Carl Brown.

Mr. and Mrs. Gerry Alred and son and Mrs. Alred's mother, Mrs. Mildred Alred of Waverly, were Sunday guests at the Ballard home.

Mr. and Mrs. Oscar Hays of Winchester visited here with Mr. and Mrs. Junior Hays.

Mr. and Mrs. Walter Whewell of Alsey spent Sunday evening with her sister, Mrs. Stella Copley.

Mr. and Mrs. Leo Motley and children visited in Roodhouse with his parents, Mr. and Mrs. Bus Garner.

Sunday dinner guests of Mr. and Mrs. Gordon Prather and family were Mr. and Mrs. Robert Wynn and daughter of Bethalto and Mr. and Mrs. John Elliott and Clayton Wynn. Mrs. Elton Hull and daughter and Mrs. Martha Hull were dinner guests at the home of Mrs. Dilla Barker on Easter Sunday.

Miss Flodena Ballard of Jacksonville spent the week end with her parents, Mr. and Mrs. T. H. Ballard. Miss Helen Toler was a guest Sunday.

Miss Martha Hull is visiting relatives in Palmyra.

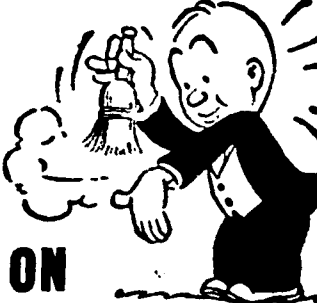

### Do You Really Want to Take Off That Ugly Fat?

Recently there have been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Illinois drugist for four ounces of Renel. Mix with 12 ounces of grapefruit juice and take two tablespoonfuls twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Renel is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Renel.

PHILIPPINES LUMBER SEEKS MARKET

Manila—(P)—Lumbermen have decided to launch a sales campaign to put Philippines hardwoods back in the United States market.

Industry leaders say exports in 1948 totaled only 14,000,000 board feet. In 1941 the total was about 200,000,000. They say African woods made big headway in the United States when the war stopped Philippines shipments.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, sitting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Physicians Tell Need For Early Cancer Diagnosis

Dr. E. C. Bone appeared before the Optimist club Wednesday on behalf of the Illinois Division of the American Cancer society, which is now carrying on a campaign in Morgan and all other Illinois counties with a view of reducing toll of cancer, which is the nation's No. 2 killer among diseases.

In his talk to the club, Dr. Bone stressed the value of early recognition and diagnosis of cancer, many cases of which can be cured by surgery, X-ray or radium treatment. He said medical records show that about one of every eight persons develops cancer at some period of life, and that cancer strikes in one out of three families. Progress of the medical profession and civic groups in fighting a deradicating cancer was described by Dr. Bone.

The physician paid tribute to the fine work that is being done at the cancer clinic held regularly at Passavant Memorial hospital, where physicians and patients from several counties gather to check cases involving cancer.

Funds raised in the current campaign will be used to further vast research which is being carried on by the medical profession.

A moving picture, "The Traitor

Within," was shown by Mrs. Jame Bunch who is assisting with the local cancer campaign. Headquarters of the Morgan County Cancer society are in the lobby of the Dunlap hotel.

President Paul Fenstermaker presided over the Optimist luncheon meeting and the speaker was introduced by John S. Wright.

Ralph Heiss announced that a report of the nominating committee will be made at next week's meeting. James Waltz of the David Prince Junior High school faculty gave a report of the educational tour to Lincoln's tomb and New Salem State park by eighth grade pupils early this month, an activity sponsored by the Optimists with the assistance of teachers.

**INDIA TO PAY FOR BRITISH MILITARY STORES**  
New Delhi—(P)—India has agreed to pay Britain \$400,000,000 for the defense stores and installations left behind in the sub-continent when the British left India in 1947.

Finance Minister Dr. John Mathai told questioners in the legislative assembly that India agreed to make the initial payment on behalf also of Pakistan which was to reimburse India later. He added Pakistan's share of the liability was \$50,970,000.

Nearly 30 per cent of the total United States work force was protected by group life insurance at the close of 1947.

## To Count Farm Acres; Crop Quotas Expected

Plans for a fast, but thorough, count of crop acres in Morgan county were advanced Thursday morning when a group of AAA community leaders met at the county office in the American Bankers building to study the farm acreage report work sheet and the proper way of compiling the information requested.

A separate blank will be completed for each farm in the county, and the final report submitted to the state office by the end of May.

The acreage census was ordered by the department of agriculture preparatory to anticipated acreage restrictions and marketing quotas on the wheat crop to be seeded this fall and on the 1950 corn crop. Heavy surpluses of both grains exist, which authorizes the department to propose marketing quotas. If the proposals are rejected the producers will forfeit federal price supports.

The report when completed will show the acreages planted to various crops during the years of 1941 and 1945 through 1949. 1941 is considered a "normal year."

Chairman Wallace T. Hemmrough and Vice Chairman Charles R. Gibson were in charge of Thursday's training program attended by community committeemen from six townships. Representatives of six other townships attended a similar meeting held Tuesday. The final period will be conducted early next week.

### GRAND JURY RECALLED FOR SERVICE MAY 4

The grand jury for the February term of circuit court was recalled for service by Judge L. E. Willett Wednesday. It will reconvene at the courthouse at 9 a.m. Wednesday May 4.

Several cases await grand jury action. One is a murder charge in which Mrs. Bertha Sparks is alleged to have caused the death of Mack Chaudoin by hitting him on the head with a poker.

Worshippers of Anollo hoped for many achievements, among them for destroying mice.

## Sunrise Services At Hillview Are Well Attended

Hillview — Brother Roy Jerrold greeted a large crowd present for the sunrise services Easter Sunday at 6 a. m. at the Hillview Baptist church. The program was under the direction of Mrs. Violet Powell and Mrs. Hazel Dawdy.

The service opened with group singing of "Blessed Redeemer," followed by Mrs. Hazel Dawdy. Thirty young people comprised the choir, which sang "Are Ye Able?" "Christ Arose" and "Calvary." Devotions were given by Mrs. Powell. Mrs. Bernard Bowman sang "The Lord Is My Shepherd." A duet, "Neath The Olive Trees," was sung by Mrs. William Wear and Miss Hildegrade Angle. Class two, comprised of Stuart Shaffer, Janet Surbeck, Mary Ellen Dawdy, Judy Powell and Sally Berg, joined with readings and scripture.

Class three presented readings and a song, "He Died For Me." A reading, "Crucified and Resurrected," was given by Miss Louella Wear. The message was given by Brother Jerrold. A quartet composed of Miss Dona Bunting, Miss Dorothy Wease, Scil Sanders and Gary Dawdy, sang the closing song, "Kneel at the Cross." Sunday school and church were well attended both morning and evening. There are about 18,000,000 washing machines in the country.

## Good Neighbor

Josephine Bonilla is a real asset to the good neighbor policy. She was chosen queen of the Miami Beach, Fla., Good Neighbor Program, held in connection with Pan American Week. Josephine is well qualified for her hands-on job from Havana, Cuba, and now lives in Miami Beach.

## Russians Now Can Get Their Cars Repaired

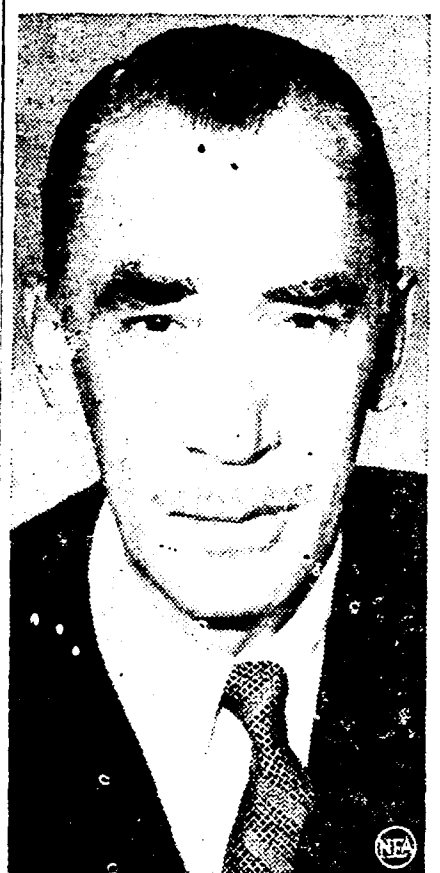

Moscow — (AP) — The Moscow municipal government is taking steps to provide repair and garage facilities for automobiles owned by individuals.

This was recently announced by the newspaper "Moscow Bolshevik." The measures taken locally are designed to fit in with a government decree on the same subject which provides that local governments must take steps to provide adequate repair, servicing and garage facilities for individually owned passenger cars.

"Moscow Bolshevik" announced that a service station had been set aside for current repair work on the new postwar Soviet cars, the Moskvitch and the Pobeda, as well as on the prewar Soviet passenger cars. The paper further stated that during the year a second such service station would be provided for this purpose.

The paper simultaneously announced that capital repairs on these same Soviet cars would be undertaken at the request of individual owners at Auto-Repair Factory No. 4 in Moscow (for Moskvitches), and at the VARZ factory for the prewar passenger car M-20.

## ROGER THE LODGER

By Elizabeth R. Roberts

COPYRIGHT BY GREENBERG PUBLISHING CO.  
DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: Roger, the problem lodger of Mrs. Roberts, has been promoted to a captain because of a party to which his colonel was invited. He has obtained leave to visit home and Mr. and Mrs. Roberts have new roomers, Major and Mrs. Capner, "older and more settled." Major Capner invites Mrs. Roberts to ride in a B-17 and while in the air he invites her to take over the controls.

XXVIII

MY feet were glued to the pedals, my hands to the wheel, my eyes to the level, and my tongue to the roof of my mouth. I held that frozen position for what seemed an eternity.

Gradually, I realized I was maintaining an even keel.

"Why it is easy," I thought. So easy that I leaned to the port window and looked down. Simultaneously the ship veered to that side. I screamed and pressed hard with the right pedal. We tilted to starboard. Frantic, I screamed again, sure Major hadn't heard me the first time. I pulled up the wheel to gain altitude, for we were dipping from right to left like a kite gone crazy. I couldn't balance the pedals and the level on the meter. Anyway, my eyes were bulging out so far that I couldn't have read it, had the mark been true. Terrified, I gripped the wheel and screamed again. We did a nose dive. Earth rose to meet us. I closed my eyes and waited for the end.

Hands lifted the phones from my ears. I heard laughter. "I don't see why it had not occurred to me that the co-pilot was at his controls, but it hadn't. I was certain the fate of the ship and of all of us was in my inexperienced and terror-stricken hands. And I was furious at Major. When I could work paralyzed cords, I shouted to ask why on earth he had scared me so. "You looked too complacent," he shouted, "sitting there gazing out of the side window."

As soon as the bones solidified in my legs, I was ready to descend

again to the plastic nose of the plane from which vantage point the view is unobstructed.

We were flying over Glacier Park. Below us, mountain peaks skimmed past our vision; one second we were over a low flat valley bisected by a silver string of water. The next, a snow peak nudged us. Lakes, hidden in the fastness of isolated craters, passed beneath us. Even eagles' nests were visible.

The Capners were getting their first look at it, and I was trying to make this bird's-eye angle conform to my usual bug's-eye view. It wouldn't conform. Viewed from the air, all height was gone, all sense of towering peaks lost. They were smoothed out to only an occasional flash of Land Ho directly beneath us, too near for comfort, and the next minute a valley floor thousands of feet below.

It was thrilling to fly in a veritable plane, but I was also thrilled when we approached the Base again. We had covered five hundred miles as the crow flies in two hours.

AFTER lunch the insatiable Capners invited Rob and me to go for a drive with them in their car. I accepted, but Rob preferred to stay home. Then Major asked again, "Where to?" The day had remained sunny and warm; the shining mountains still beckoned me. "How about Glacier Park? You'll get a different aspect from the ground." I had missed that sense of grandeur and wasn't content to have the Capners think that what they'd seen was IT.

Major stepped on the throttle. The speedometer indicated ninety miles an hour. I reminded Major of the new limit that had been imposed because of gas and tire shortages. He winked. "A uniform is a great fixer."

"Evidently you haven't heard of this police magistrate. He doesn't fine speeders; he puts them in jail."

Major looked at me understandingly.

couldn't know about the Judge Advocate Department.

We sped along the highway, the great saw teeth of snow mountains growing larger by the mile. The needle registered 100. We didn't seem to be going fast—not much faster than in the plane earlier that day. The road was smooth and clear of traffic. In spite of many miles of winding road, we clicked off the 150 miles to the Entrance Hotel in two and a half hours flat. For the first time since I'd lived in Montana I'd done what I had expected we'd do quite often on pleasant Sundays: drive to the Park for dinner. There were hundreds of people in Great Falls who had never been there at all.

THE hotel, as we expected, was closed for the season, but we were able to drive a short distance toward Two Medicine Lake, which took us near the foot of one of the Big Boys. A storm was gathering and great gray heaps of feathers, touched ominously with black, blew resolutely over the summit and sifted down the side.

The long bridge over the ravine of the Two Medicine River was sheathed with ice. When we went over it earlier, it had been clear and we hadn't thought of danger.

Major jockeyed it toward the middle of the road so a bad skid would have room to wear itself out. Our breathing was audible. Major slowed down to 15. The car swung sideways. "Steady boy!" he breathed aloud. We were nearing the end of the fill. Major gunned it again. We leaped forward and onto the broad highway.

Half way home, Major pointed to the gas gauge. It registered nearly empty. "Where shall we get some?" he asked, as though appreciating that a civilian gas in Montana sprang out of the ground in convenient artesian wells.

We asked a man walking along the road how far it would be to a gas station. "Ted Davis in Dupper might accommodate you."

"How far's Du—Du—that town?"

"Twenty miles."

We all looked at the gas gauge. There were three sets of crossed fingers.

Jersey Community  
Observes Woman's  
100th Anniversary

Jerseyville—Dressed in a new Easter outfit and surrounded by flowers and gifts from many states, Mrs. Margaret Louise Hughes, who celebrated her 100th birthday anniversary on April 12 presided over an "Open House" community celebration of her birthday held Sunday afternoon at the Salem Methodist church near Dow.

Over 500 relatives and friends of the centenarian called during the afternoon and were warmly welcomed by the alert, little old lady who showed no signs of tiring when the last guest had left.

One of the high spots in the observance was a letter of congratulations sent to Mrs. Hughes by the governor of Illinois, Adlai Stevenson which is highly prized by her. With a twinkle, she told one of her guests "He doesn't know I'm a good Republican" and then quickly added "But I love him just the same."

Among the gifts received by Mrs. Hughes were 100 red roses from the ladies of the Salem church. Mrs. Hughes is the oldest member of the Salem church and her father, the late George Slaten, a farmer and carpenter, helped build the old Salem church edifice.

Mrs. Hughes was the recipient of 30 birthday cakes, 250 birthday cards and numerous other remembrances.

Music Students  
On Program For  
Society Luncheon

Special music at the Jacksonville MacMurray Society luncheon, to be held Saturday at the Dunham hotel, will be given by Miss Sharon Carroll, pianist, and Miss Virginia Vaughn, contralto. Both are members of the senior class at MacMurray college, majoring in music.

The luncheon is scheduled for 12:45 o'clock. Following a short business session, Dr. Ray A. Holcombe will tell about his experiences in Australia and other European countries last summer, when he attended the eighth American Theatrical Seminar held at the Mozarteum in Salzburg.

Your key to Greater Value

Look ahead -  
and you'll see Roadmaster!

LITERALLY or figuratively it still holds true.

That great and gracious carriage swinging past you, flashing its four gleaming Ventiports as it goes, what's that but a ROADMASTER?

And that car you've got your sights set on—the big, roomy, lively, sweet-riding thrill-maker you mean to own "some day"—what's that but this gorgeous travel-mate you see on the roads right now?

You can even go beyond that.

Look ahead—and you'll see that Buick has already met the growing trend toward more for your money.

On the liveliness of its time-proved valve-in-head power plant—on the unequalled smoothness of Dynaflo Drive—on the level-going luxury of its matchless ride, ROADMASTER doffs its bonnet to no one.

Yet look around, check the prices (including what's in them!) and you'll find that this one costs less than you think, gives more than you expect.

As for delivery—just drop in and get the facts. With factory production increasing, you may well find it another reason for getting a firm order in right now.

THE DOCTOR SAYS  
Bacteriology Cut  
Peril Of Infection  
From Streptococci

By Edwin P. Jordan, M.D.  
Written for NEA Service

Streptococci are germs which look like little round balls attached end to end like a chain. There are sev-

eral kinds, some of which are responsible for scarlet fever, septic sore throat, most cases of "blood poisoning," and childhood fever.

Surgeons always watched for signs of streptococcal infections after their operations even before they knew what was responsible. Mothers dreaded to go into hospitals because of the great danger of such infections. The germs were carried by unpasteurized milk and caused illness in several hundred families if the milk became contaminated with streptococci.

Danger Reduced

All this has been changed. As a

result of studies in the science of bacteriology, or germ diseases, no longer is there a serious danger of contracting childhood fever in hospitals. Rarely are there epidemics from milk-carried or food-carried streptococci.

The pasteurization of milk, which is the process of heating milk to kill germs, and the greater attention given to preventing the entrance of these germs into the milk, have all meant increased safety credit belongs to those who pioneered in understanding the methods which could be used to combat these dangerous streptococci. Pasteur's

name, of course, stands high. Among others are our own Dr. Oliver Wendell Holmes, the father of the late Chief Justice of the Supreme Court, and Semmelweis who deserve most of the credit for conquering childhood fever.

All this has meant that fewer and fewer cases of streptococcal infections occur. Now a new weapon has become available. The sulfa drugs, penicillin, and similar preparations, attack most streptococci. This has brought the streptococcal diseases still further under control so that they no longer present the danger which they did less than a century ago.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

The Doctor Answers  
By Edwin P. Jordan, M.D.  
Question: For what conditions are electric shock treatments given?  
Answer: Electric shock treatments are today more commonly given for certain kinds of mental illness than for anything else. Results are frequently very good.

FRANKLIN

Franklin—The Franklin Home Makers Circle met Tuesday afternoon with Mrs. Harry Fitzhugh. Thirteen members and two guests, Mrs. Blair and Mrs. Burnett, were present. Roll call, "A Religious Sect" Papers were given by Mrs. Hershey Crain on "Romance Of Bells" and Mrs. Essie Henderson on "The Plain People." Refreshments were served.

At the village election Tuesday, the Citizens ticket was elected. For president, Wayne Rolston; clerk, C. A. Dawson, trustees, Thomas Timms and Grover Caldwell. Police Magistrate, Clarence Hart.

Mrs. W. C. Calhoun and Mrs. C. D. Ransdell are in Washington, D. C., this week attending the national D. A. R.

The state music contest will be held April 29-30 at Macomb. Two of Franklin schools' ensembles, who won first division rating in a pre-

vious contest, will enter. The Girls Quartet is composed of Bertha Nelson, Beatrice Ball, Martha Smith and Katherine Ann Seymour. Joe White, Bernard Newingham, Keith Gibb, Darrell Smith, Paul Crow, Jerry Ramsey, Carroll Newingham and James Ranson are members of the Boys' Octet.

# **Miner's Pain Gone, Now Stands Erect and Works Full Time** Mr. Wm. Walker, 1513 So. Glenwood Ave., Springfield, Gets Relief After 20 Years Suffering

"I am 70 years of age and have been a miner most of my life. For over 20 years I have been troubled with rheumatism and arthritis so badly that I could hardly sleep at night. I had to just roll out of bed and was frequently unable to work because of the pain in my shoulders and legs. There were times at the end of the day when the boys had to help me on with my coat because I was so stiff. I have tried many medicines but none seemed to help me at all. One evening I read an advertisement for Rentox and decided to try it out. Before finishing the first bottle I noticed that the pain was less and now I have no pain at all. When coming out of the mines I would always be bent over but now I can walk erect and the boys often yell at me saying I am picking up and look much better. A good many of them are taking Rentox and enjoying great relief. I think Rentox is a wonderful medicine and I would not be without it. I have recommended it to a lot of my friends and would recommend it to anyone who is suffering as I have."

# **QUICK ACTION**

This great medicine containing 26 splendid ingredients goes to work quickly to relieve the system of contaminating poisons which may have been causing days, weeks, even months of suffering. Rentox is a general medicine which can be taken by all members of the family. Rentox restores lost vigor and appetite, tones the bowels into a more rhythmic action, brings quick relief from indigestion, gas, bloating, heartburn and sour stomach. Relieves kidney and gall bladder conditions—it is no longer necessary to get up during the night, to lose sleep and be all tired out in the morning. Dizziness, loss of pep and blueness quickly relieved. Get on the road to better health and happy living. Buy a bottle of Rentox at your local druggist today. Insist upon genuine Rentox. Don't be "switched" to another product.

## New Berlin Club Sponsoring Drive For Trail Rangers

New Berlin — The New Berlin Woman's club is sponsoring a drive to obtain bedding or other useful articles for the Trail Rangers.

Those having something to donate to this cause are asked to leave their contributions at the Carntall store this week. Col. Henderson is in charge.

Mr. and Mrs. Evan Taylor entertained with a turkey dinner at their home on Easter Sunday. Guests were Mr. and Mrs. Charles Wilcox and family, Mrs. Edith Wilcox of Carlinville, Mr. and Mrs. Charles Badger and Harriett and Mr. and Mrs. E. O. Coulter. Mr. and Mrs. John Jeffers of Carlinville were guests later in the day.

### ALEXANDER

Alexander—Mr. and Mrs. George Wright and family were entertained by his brother-in-law and sister Mr. and Mrs. Harry Turner of Virginia, on Sunday. The occasion was a surprise birthday dinner in honor of Mr. Turner and son, Robert.

Mr. and Mrs. Claude Sowles and son Billy of Springfield, spent Satur-

day at Mrs. Sowles' parents, Mr. and Mrs. William Wallbaum. Mr. and Mrs. Wilbur Kumble were week end guests of Mr. and Mrs. George Kemp of Girard.

Isaiah Strawn and daughter of Joliet are guests of Mr. and Mrs. Elmer Strawn.

Mr. and Mrs. J. O. Diggs of Evans-ton, John Diggs of Columbia, Missouri, Mr. T. T. Shannon, Mrs. Addie Davis of Louisiana, Missouri and Dr. and Mrs. Thomas L. Wilson and son Thomas of Murrayville were Easter guests of Mr. and Mrs. C. M. Strawn at the Strawn cottage near Snicarti.

Mrs. John Reif, who has been ill for sometime has closed her home and is now with her daughter, Mrs. C. Criswell of Springfield.

The Alexander Grain Company, whose elevator burned here in October, is constructing a large modern elevator on the same site. The new building will be completed around July 1st.

Mrs. Frank Colwell is resting after an illness at the home of her sister, Mrs. Margaret Young in Jacksonville.

## veal roll

### Recipes:

**TO ROAST MAYROSE VEAL ROLL**  
Place a Mayrose Veal Roll on a rack in an open pan. (NO WATER). Roast in a slow oven (325°). The fat covering melts and bastes the meat during cooking.

Roasting time:	WEIGHT	TIME	Frozen
2 to 4 pounds	3 hours	4 hours	
4 to 6 pounds	3½ to 4 hours	4½ to 5 hours	
6 to 8 pounds	4 to 5 hours	5 to 6 hours	

If a roast meat thermometer is used, roast to an internal temperature of 190°F. Season the meat after roasting.

**VEAL CROQUETTES (Yield: 8 croquettes)**  
2 cups ground cooked veal roll  
2 tablespoons butter or margarine  
4 tablespoons flour  
1 cup milk  
1 teaspoon salt  
2 tablespoons minced onions  
Sifted cracker crumbs  
Mayrose Lard  
Make a white sauce of butter, flour and milk. Add the veal, salt and onion. Cool. Shape into 8 croquettes. Roll in sifted cracker crumbs. Heat lard in a deep heavy pan. Fry croquettes in hot lard until well browned. Drain on soft paper. Serve with hot spicy beets and other tart relish.

## To Hold Dunham Rites In Jersey

Jerseyville—Funeral services for Oliver Dunham will be held Friday at 2 p.m. at the Jerseyville Methodist church. Rev. Dale Harmon, pastor will officiate. Interment will be in the Fieldon cemetery.

The deceased was the son of the late Benjamin and Ann Eliza Reddish and was born in Jersey county November 18, 1869. His death occurred Tuesday afternoon, April 19, at his home here at the age of 79 years. He was the last member of a family of fourteen children.

Surviving are his widow, Mrs. Nellie Dunham; one stepson, Mark J. Dunham of Alton, and one step grandson, Spencer T. Dunham of Alton.

## Officers Selected By Domestic Club At Murrayville

Murrayville—Mrs. H. G. Strang was elected president of the Murrayville Domestic Science club when the group met Wednesday afternoon. Mrs. W. B. Rimby and Mrs. Edward Tendick were the hostesses.

Other officers chosen were Mrs. Tendick, vice president, and Mrs. S. B. Robinson, secretary treasurer. During the business meeting the club voted donations to the Passavant hospital fund and to several churches. Mrs. L. C. Collins, the president presided.

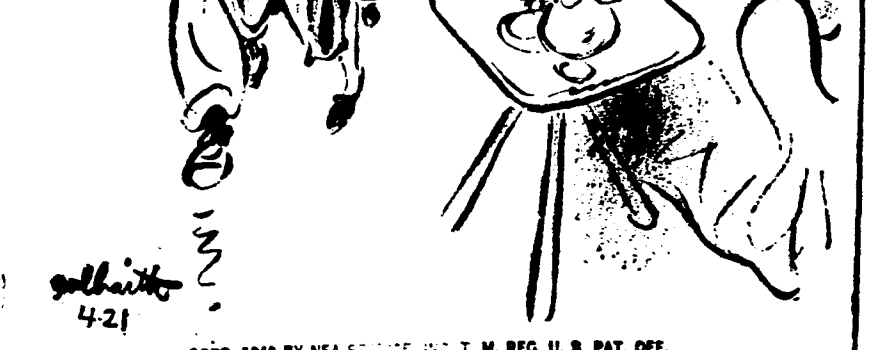

Fourteen members answered roll call. "Something My Mother Taught Me," Mrs. Vincent Van Horn read a paper, "What Music Has Done For Mankind," Mrs. M. J. Benscoter music chairman, discussed "Wandering Minstrels," and Mrs. C. J. Wright the garden chairman, read a paper on the subject.

Mrs. S. C. Martin led the club collection. Mesdames Collins, Martin and Robinson reported on the district meeting held in Petersburg recently. The next meeting will be held May 4 at the home of the president.

To each Jacksonville voter who remembered me favorably in Tuesday's election I do express my sincere appreciation.

## SIDE GLANCES

By Galbraith

"I got into the insurance business too late, dear—everybody wants to postpone buying because scientists are finding ways for them to live longer!"

## Ohio Publication Has Article By Dr. Hendrickson

An article by Dr. Walter B. Hendrickson, professor of history at MacMurray college, appears in the April 1949 Bulletin of the Historical and Philosophical Society of Ohio, published in Cincinnati.

In the article, entitled "The Western Museum Society," Dr. Hendrickson gives credit for the "first organized effort to promote the study of natural science in the Middle West" to Dr. Daniel Drake, enthusiastic booster for the "Queen City," who had been greatly impressed by the cultural and scientific life of Philadelphia, where he had received his advanced medical training in 1805-1807. He coveted museums and scientific societies for the young city of Cincinnati, and chiefly through his enthusiasm and efforts, he and a few scientific-minded and public-spirited men organized the Western Museum society in 1816.

Dr. Hendrickson traces the society through its first ambitious efforts to its decline after the panic of 1819, and describes the formation in 1835 of a similar organization, again sparked by Dr. Drake, which was "to be the leader and sponsor of the study of the natural resources of the state of Ohio and the whole Mississippi Valley."

This was the Academy of Natural Sciences which, in spite of such ups and downs as small attendance, inadequate funds, and lack of good places to meet or display collections, held together for about twenty years. The efforts of this little band not only contributed a natural history museum and scientific information center to Cincinnati, but aided scientists of the larger scene in coordination of the scattered pieces of information about the world of nature in America.

The demise of the academy Dr. Hendrickson attributes to lack of a sound financial basis, small membership, and a narrow range of scientific interests inevitable in men who were scientists by avocation. "If it had popularized its scientific program and so had more members," he says, "it could have been in the forefront of the already rising public museum movement."

## Mrs. Doris Biggs Winner Of Area Speech Contest

Mrs. Doris Biggs, a member of the local Toastmistress club, was judged winner of the area speech contest held at the Dunlap hotel, with the Springfield, C. D. of A. Quincy, Entre Nu and Jacksonville clubs taking part.

Mrs. Biggs will represent the area at the spring conference to be held April 30 at the Sheraton-Coronado hotel in St. Louis.

The meeting here was presided over by Miss Edna Walsh of Jacksonville. Miss Leola Boyd of Quincy gave as the invocation. Acting as toastmistress was Mrs. Mary Jones of Springfield.

The prepared speakers and their topics were Mrs. Roy Schuette of Springfield, "Habits"; Miss Emma Sutter, C.D. of A., "Improvement of the Individual Through Telephone Courtesy"; Miss Florence Meyer of Quincy, "A Zest Killer"; and Mrs. Doris Biggs of Jacksonville, "Learning to Keep House the Hard Way."

In addition to the prepared speeches, each contestant gave a three-minute extemporaneous talk. Mrs. Mary Howard of the C. D. of A. club directed the table topics, which centered around "Comics and Their Effect on Youngsters."

Miss Joan Smith, Miss Betty Bauser and Mrs. Anita Wall of Quincy served as tellers for the contest. Mrs. Mabel Ray of Springfield was general evaluator for the evening. Judges of the contest were Mrs. Dorothy Frank and Dr. L. K. Hall, both of Jacksonville and Mrs. Byron Cully of Freeport.

Toastmistresses assisting with the meeting were Miss Isabel Cully, Mrs. Leila Jewsbury, Mrs. Saralee Sandberg, Mrs. Catherine Rowe and the club representative, Miss Virginia Teter.

## Jefferson Club Postpones Dance

The round and square dance which the Jefferson Community club had planned to hold on Friday, April 22, has been postponed one week and will be held instead on Friday, April 29, at the Jefferson school.

These dances are held at regular intervals as an effort to secure funds to be attributed towards the purchase of playground equipment for the Jefferson school.

OUR HEARTFELT THANKS TO all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings and other kindnesses we are deeply grateful.

## FINED, LOSES LICENSE FOR DRUNKEN DRIVING

Paul McDade, 23 year old Winchester man, was fined \$100 and costs Thursday morning when he pleaded guilty in county court to a charge of drunken driving. He was also placed under probation for one year and his operator's license was revoked for six months.

McDade was arrested by Morgan county sheriff deputies on April 4 when they found his car lodged in a roadside ditch near Waverly.

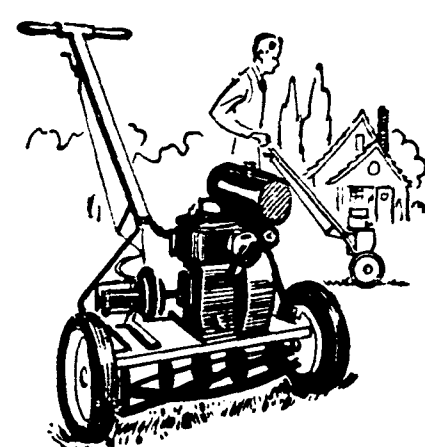

A medical examination indicated he was intoxicated. He had been at liberty under bond of \$1,000.

Don't Let Your Home  
Become an Electrical  
Antique

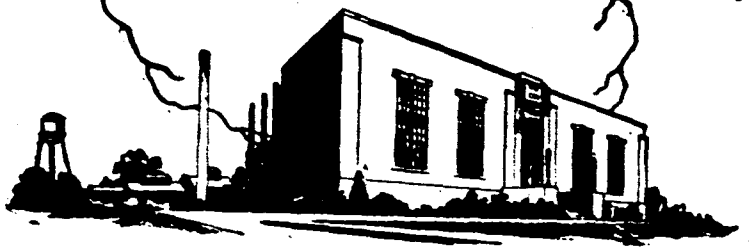

If remodeling or building insist on adequate wiring. Plan to have enough outlets, switches and circuits to take care of all your present and future appliances without the nuisance... and danger... of overloading, dimming lights and blowing fuses. Adequate wiring is your assurance that all the comforts and conveniences electricity makes possible are yours when you want them.

The difference between the cost of a "just average" electrical installation and an adequate wiring installation is small. It costs a little more but offers many advantages. You'll be glad you installed adequate wiring.

## Find Bullet-Riddled Body of Jerseyville Man Near Carrollton

Carrollton, Ill., April 21.—(AP)—Howard A. Heininger, 32, of Jerseyville, an insurance company supervisor, was found shot to death tonight in a field near here.

He had been the object of an intensive search by sheriff's deputies and state police since his wife, Mrs. Dorothy Heininger, reported he failed to return home last night.

## Dawdy, Cade Wedding Held In Grace Church

Roodhouse — Mrs. Mary Jones Dawdy, daughter of Mrs. Mary A. Jones and the late C. W. Jones of Roodhouse and Kenneth Cade, son of Mrs. Mae Cade and the late Harry Cade of Murrayville, were united in marriage at four o'clock Thursday afternoon in the Grace Methodist church in Jacksonville. The marriage vows were received by Dr. Frank Marston in a single ring ceremony.

Mrs. Jack Adler of St. Louis, Mo., was matron of honor and Miss Diana Dawdy, daughter of the bride, was the bridesmaid.

Myron Trotter of Jacksonville, business partner of the groom, served as best man. David Dawdy, son of the bride also attended the ceremony.

The bride wore a wheat colored wool suit with an orchid corsage. She wore an orchid corsage.

Mrs. Adler, matron of honor, chose a grey suit with white and navy accessories and wore a white orchid corsage. The bridesmaid wore a navy blue suit with matching hat adorned with daisies and a white daisy corsage.

After a short wedding trip, the couple will reside at 426 East Clay street, Roodhouse until fall when they plan to make their home in Jacksonville where the groom is engaged in business.

## MORGAN TO CALIFORNIA—1849

San Francisco—Drayman, Trader, Miner

By Cecil Tendick

Ever been seasick? Mr. Rees was, day of May after driving 180 miles for nearly five weeks.

"Sat Nov. 4—The Bark weighed anchor, hoisted her sails and put to sea. The second day she was out I got sea sick and remained nearly the whole of the voyage which was 36 days. When we arrived in San Francisco (the 10th day of Dec.) I was scarcely able to walk with the dysentery. I went into French's Hospital and remained there one week, for which he charged me \$40 dollars besides my Board that was \$16 dollars. More I then had a pair of Blankets to buy which cost me \$11 dollars and a pair of the Sordy Boots than any man ever had. I paid \$16 dollars for, etc.

"Mon 17th—This is the first day out to work in the Town of San Francisco. I made \$4 dollars and earned nearly all day at that. This I thought was doing very well for a Sick man to do and not work more than four hours.

"Tues 18—Rained nearly all day. I went out as usual. I made \$5.50 in a Little over half the Day.

"Wed 19—Commenced Driving a four Mule Team for Mr. Rockefeller at \$7 dollars per day. This was getting up in the picture, I thought. A Raise in Wages Nearly Every Week

"Mon 24—The great Fire in San Francisco commenced. Driving for Estay at \$8 dollars per Day. Drove Three weeks at that price. Then I Drove three weeks at \$10 dollars per day. This was pretty high up.

"Feb. 4—Commenced with my Team and Drove it four weeks and made \$1,250 dollars. Myself and Mr. Tredwell Bought the second Team for which we paid 1,030 dollars. We then fitted up and started to Stockton. So we travelled slowly along, grazing our mules. Went as far up as the San Joaquin River. There we Learned that there was a great many Teams doing nothing and that hawling was very slow. So we concluded to return to San Jose and sell our Teams.

"So after we had remained here one week we succeeded in selling one team at \$1,000 dollars on a credit for Two Months bearing five per cent until paid. So now we have concluded to take the other team to Sacramento City and try our Luck.

"April 3rd—Started off for the above named City. Went on and Crossed New Hevecia and then on to Knight's Ranch 40 miles above. Here we came to the Sac River. The Bottoms was so much inundated that we could not go any further with the wagon. So we came to the conclusion for my Partner go down and by a load of groceries and bring up in a boat. So he done so. And off we started for Redding Spring. We got there on the fourth

## Fr. Brockmeier Assails T-H Bill Before Econ. Club

Rev. Father John S. Brockmeier, state representative of the A.F. of L., spoke to the economics club of Illinois College last night on the subject of labor-management relations. The meeting was held at the David A. Smith house on the Illinois College campus.

Father Brockmeier told the assembled group of economic students. "The subject of labor-management relations is a complex science, one comprising economics, psychology, sociology and moral philosophy. It can't be limited to economics alone. A higher principle must be brought in; the value due to a person as a human being, as a creature created by God."

Father Brockmeier, who is also a lawyer and has been involved in the labor movement for over forty years, spoke against the Taft-Hartley law on the basis that it prohibited the unions from accomplishing their legal and moral functions. "Consequently the law should be repealed," so stated the speaker.

Father Brockmeier advocated that after repeal of the law the American people should attempt to maintain a living wage tied to the cost of living which would allow the worker a frugal comfort and greater economic stability.

Approximately 40 economics students and faculty of Illinois College attended the meeting.
